EXECUTIVE PROFILE

Operations executive with 20+ years of progressive leadership running multi-department, mission-driven organizations, including direct P&L accountability for an $8M portfolio and a 140-person interdisciplinary division within a $50M+ human-services nonprofit. Trusted partner to CEOs and boards on strategic planning, long-range operational design, and new program development. Turns data into decisions through KPI dashboards and scorecard-style performance management across financial, service-quality, growth, and performance-improvement measures. Reversed a $1M operating deficit into a 13% surplus while improving service delivery. Leads with empathy and accountability: building engaged leadership teams, resolving concerns from the people served, their families, and staff, and representing the organization in public forums. Deeply committed to vulnerable children, young adults, and families, and to care delivered with excellence, dignity, and compassion.
